A Positive Attitude!

Personal Mobile Device Policy

Personal Mobile Device Policy

Research shows that **personal mobile devices can negatively impact student learning** by creating distractions in the classroom.

In response, **Alberta Education has restricted the use of personal mobile devices in schools across the province.**

What is a 'Personal Mobile Device'?

A personal mobile device is **any device that can be used to communicate or connect to the internet.**

This includes:

Cellphones

Smartwatches

Laptops

Gaming Devices

Tablets

Earbuds, Headphones & Speakers

AWAY for the DAY

NOTICE

If you bring your device it must be powered OFF and in your LOCKER.

When Does the Policy Apply?

Personal mobile devices are **not to be used during school hours or while inside the school building.**

This includes:

- **First half of lunch**
- **Field trips**
- **School sports and activities**

✓ **When CAN devices be used?**

During the **second half of lunch**, when students are **OUTSIDE** the school building.

**What if I
need to
contact
my
parents?**

Staying in Touch During the School Day

Students can use a phone in the office when needed.

Just ask a teacher.

Parents are asked to avoid contacting students directly during school hours, unless absolutely necessary.

Students can check or contact parents on their personal devices during the **second half of lunch, outside the school building.**

If the Personal Mobile Device Policy Is Not Followed

A FAIR AND CONSISTENT APPROACH

Be Present.
Belong.
Succeed.

Use devices
responsibly.

1st Incident

Verbal Warning

- Reminder given
- Device returned to locker
- Incident documented

2nd Incident

Device Confiscated

- Device turned in to teacher
- Picked up from the office at the end of the day
- Parent/guardian informed

Make good
choices.

3rd Incident

Parent/Guardian Involvement

- Device confiscated
- Parent/guardian must pick up device
- Administration will contact home
- Further consequences determined

We work
together.

4th Incident

Loss of Privileges

- Loss of device privileges
- Suspension may result

Respect our
school community.

Important:

Possession of a personal mobile device in a bathroom or change room is a serious breach of privacy. This applies to other public areas as well (e.g., hallways, arenas, fitness centres). Consequences may include suspension and loss of privileges.

Respect.
Safety.
Everyone.
